Greg & Liane – Thank you for your time to meet with Cynthia and I yesterday to discuss the San Juan Basin Health Department's mission and role and how it might relate to EPA's work with Silverton, San Juan County and the Upper Animas watershed. It helps us know who the various governmental "players" are and how to best coordinate with those communities that may need to be involved in our work.

As we discussed at the meeting, it seems like at the moment Durango and La Plata County's involvement may be premature, however, EPA will definitely keep you posted as our work progresses. At some point, I may also wish to visit with you more about your previous work as the CDPHE district engineer and your work in Silverton.

Should you have any questions or concerns, please feel free to contact either Cynthia or myself.

Sincerely,

Paula Schmittiel
